

Ukrainian refugees:

I am an employee of the Group in the European Union, how can I help?

- By recommending a project to help Ukrainian refugees, if possible close to your home.
You can contact us directly on contact.fondation@airliquide.com

- By following, for the Foundation account, a selected project.
Please contact your HR or write to us at contact.fondation@airliquide.com if you wish to support a project.

- Finally, it should have volunteer opportunities on some projects. We will keep you informed.

In all cases, please contact the Foundation at contact.fondation@airliquide.com if you have any questions or suggestions.

Thank you.
